Conference Overview

The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education.

~Martin Luther King, Jr.

The best students come from homes where education is revered: where there are books, and children see their parents reading them.

~Leo Buscaglia

Education then, beyond all other devices of human origin, is the great equalizer of the conditions of men, the balance-wheel of the social machinery.

~Horace Mann
